	APPROVAL	Sparks, Nevada (89431) OF STATE ENGINEER		
This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the				
following limitations and conditions: This permit to change the point of diversion and place of use of the waters of an underground source as heretofore granted under Permit 35282 is issued subject to the terms and conditions imposed in said Permit 35282 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times. The total duty of water under this Permit and Permit 35581 and 35583 shall not exceed 111.8 million gallons per annum.				
The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not				
to exceed 1.5 cubic feet per second, but not to exceed 111.8				
million gallons annually.				
Actu	al construction work shall begin on or before	August 14, 1979		
		ore September 14, 1979		
Work must be prosecuted with reasonable diligence and be completed on or before				
Proc	of of completion of work shall be filed before	September 14, 1980		
App	lication of water to beneficial use shall be mad	e on or before August 14, 1983		
Proof of the application of water to beneficial use shall be filed on or before. September 14, 1983				
Map in support of proof of beneficial use shall be filed on or before
